M'CUMBER BONUS BILL IS REPORTED FAVORABLY BY SENATE COMMITTEE

Measure Provides Cash Only to Men Entitled to Less Than \$50.

OTHERS MAY GET LOANS

Four Options Open to Veterans, Including Various Land Grant Plans.

WASHINGTON, May 31.—The commonly known McCumber soldier bonus plan was ordered favorably reported to-day by the Senate Finance Committee. The vote was 7 to 4.

The effective date of the bill was changed, however, from next Oct. 1 to Jan. 1, 1923, after Senator Walsh, Democrat, Massachusetts, told the majority that it would take six months to get the bonus machinery in operation.

The Smoot plan, providing for paid-up life insurance in lieu of all other forms of compensation, was defeated by a vote of 3 to 5, the three Democrats present—Simmons, Walsh and Gerry—voting against it. Republicans supporting the Smoot proposal were Senators Smoot, McLean, Feilingshagen, Calder and Dillingham. Republicans voting against it were McCumber, Curtis, Watson, Sutherland and La Follette.

Senator McLean broke the tie which has existed among the Republican members on the vote to report the McCumber plan, which is the House bill, with some amendments, including elimination of the land settlement or reclamation project. Senators said reclamation was not discussed, although House leaders and some Senate supporters of reclamation legislation have urged that the Smith-McNary Reclamation Bill or some similar legislation be attached to the bonus measure.

Several of the majority members of the committee gave notice to Chairman McCumber that they would oppose laying aside the tariff bill for Senate consideration of the bonus at any time in the near future. Chairman McCumber replied that he intended to get as prompt consideration of the Bonus Bill as could be worked out, but did not state whether the

WATSON IN SENATE INVITES LENROOT TO FIGHT OUTSIDE

"Stormy Petrel" Defies Critic Who Assailed Him for Hoover Attack.

(From a Staff Correspondent of The Evening World.)

WASHINGTON, May 31.—Senator "Tom" Watson of Georgia, who has become the stormy petrel of the Senate, was the centre of another eruption to-day, inviting Senator Lenroot of Wisconsin to meet him outside.

Lenroot started the ball rolling by reading into the Congressional Record a letter from Herbert Hoover relating a statement by Watson that Hoover had never rendered any accounting for the later years of money spent in relief work under his administration.

Watson objected when Lenroot asked for unanimous consent to present Hoover's reply by incorporating the letter in his remarks without reading it. The Wisconsin Senator then read the letter. At its conclusion Lenroot commented caustically upon Watson's refusal to give his consent to it being placed in the records.

"A Senator comes upon this floor and makes charges about a man that has not the slightest foundation," said Lenroot. "This man, or any man against whom such charges are made, has not the privileges of the floor and cannot answer the charges except in a communication to a Senator, and yet the Senator from Georgia makes objection to putting his letter in the Record."

"I am not surprised, however, at the Senator from Georgia. The country is capable of judging between Herbert Hoover and the Senator."

The Georgia Senator was on his feet in a moment and began his fight in such language that he was admonished by the Chair.

"This is about the third time the

Capt. Cuttle Wins British Derby And Sets New Mark for Course

Viscount Astor's Tamar Comes in Second and Craigangower Third—Favorites Badly Beaten.

EPSON DOWNS, England, May 31.—Ridden to victory by Steve Donoghue, England's premier jockey, Lord Woolavington's Capt. Cuttle to-day broke the record for the Derby that has stood for twelve years.

Capt. Cuttle ran the rolling mile and a half in 2:34 2-5, breaking the record of 2:35 4-5 established by the famous Lemberg in 1910.

EPSON DOWNS, England, May 31 (Associated Press).—Capt. Cuttle won the Derby, run here to-day.

Viscount Astor's Tamar was second and B. Walker's Craigangower was third.

Thirty horses ran. The betting on Capt. Cuttle was 10 to 1, Tamar 10 to 1 and Craigangower 20 to 1.

Capt. Cuttle won easily by four lengths. Three lengths separated the second and third horses. St. Louis was close up, finishing fifth. Pondoland, who was the early favorite in the betting, made a poor showing. Captain Cuttle, by Hurlon On, out of Bellavista, owned by Lord Woolavington, formerly Sir James Buchanan, ran third in the Two Thousand Guineas Stakes, the opening classic of the British racing season, run at Newmarket April 26.

The highways and byways leading to the track were crowded all morning with pilgrims on the way to the scene of England's greatest turf classic.

MRS. M'CORMICK WOULD HAVE COURT PREVENT WEDDING

Won't Oppose Father's Guardianship, but Wants Mathilde's Marriage Halted.

HEARING POSTPONED.

Both Sides Agree to Delay—Mother Plans Statement for Court.

CHICAGO, May 31 (Associated Press).—Mrs. Edith Rockefeller McCormick will ask court action to prevent the marriage of her daughter, Mathilde, to Max Oser, Swiss riding master, in a statement to be presented in court to-day.

No objection will be made to the appointment of Harold F. McCormick, divorced husband of Mrs. McCormick, as Mathilde's legal guardian, but protest against the international marriage will be made formally in court. By agreement of counsel on both sides the hearing in which Mrs. McCormick will intervene in the appointment of Mr. McCormick as Mathilde's guardian, was postponed from 10 o'clock until 3 o'clock to-day.

Charles S. Cutting, representing Mrs. McCormick, said his client would not contest the guardianship appointment, but would present a statement in court.

The statement, dictated by Mrs. McCormick from her Lake Forest home to-day to Charles S. Cutting, her attorney, was to be read when the guardianship case came up in the Probate Court this afternoon.

Judge Cutting declared to-day that the hearing set for to-day was merely to "correct a flaw in the records" adding that Mrs. McCormick would make no objection to Mr. McCormick's appointment.

Authorities to substantiate Mrs. McCormick's request for interference in Miss Mathilde's proposed marriage are included in the statement, which contends that the probate judge has the power to intervene between a guardian and his ward when marriage is involved.

Edward H. Cassels, attorney for Harold H. McCormick, declined to comment except to say that even if the court took jurisdiction it would be necessary for Mrs. McCormick to prove that the marriage is undesirable to carry her point.

The fact that Mrs. McCormick will formally protest to the court against Miss Mathilde's marriage to the Swiss horseman, who is more than twice Miss Mathilde's age, was taken to strengthen the supposition that a legal guardian was appointed to facilitate Miss McCormick's marriage. Under the Swiss law, a minor must have the consent of her parents or a legal guardian to be married.

According to best information, Mrs. McCormick desired to have her objection on the court record as a matter of evidence in case Mathilde should ever protest legally against lack of financial support received from the Rockefeller branch of the family. It is understood the Rockefellers have threatened to cut Mathilde's inheritance if she pursues her intention of marrying Oser.

Another reason for Mrs. McCormick's formal statement was her hope that the Probate Court, which has jurisdiction over the guardianship proceedings, might take cognizance of the marriage and take steps to prevent it taking place.

This is the first time Mrs. McCormick has publicly opposed the marriage. In case Mathilde should marry in spite of protestations of the Rockefeller branch of the family, it was

REPUBLICANS VOTE NEW CLOSURE RULE

WASHINGTON, May 31.—Republican Senators to-day committed themselves to the movement designed to bring about amendment of the existing Senate rules permitting unlimited debate. By a vote of 32 to 1, the Republican conference decided to draft and pass a new closure rule.

BRITAIN READY TO OCCUPY IRELAND AND SEIZE DUBLIN, CHURCHILL TELLS COMMONS

Declares Collins-De Valera Agreement Violates Free State Policy.

NO IRISH REPUBLIC.

Ulster Towns Pile Sandbags in Streets for Defense From Expected Attacks.

LONDON, May 31. (Associated Press).—Great Britain will tolerate no republic in Ireland, and if the terms of the Anglo-Irish treaty are not carried out by the Irish, the British Government will resume her liberty to act, in taking back the power conferred on the Provisional Government and in re-occupying the territory evacuated, it was declared in the House of Commons to-day by Winston Churchill, the Colonial Secretary.

"In the event a republic is set up," added the Colonial Secretary, "it is the intention of the British Government to hold Dublin as one of the preliminary and essential steps of military operations."

Mr. Churchill then declared that in the event of the refusal of Mr. De Valera or others made ministers after the election to sign the declaration of allegiance, thus breaking the treaty, the British Government's liberty of action would be resumed in a way appropriate to the gravity of the situation, as the Government would not agree in any circumstances to deviate from the treaty either in the strict letter or the honest spirit.

"The provision of the agreement that four anti-treaty men will be included in the Government after the election strikes directly at the provisions of the treaty," said Mr. Churchill.

"If Mr. De Valera and his three anti-treaty men, or whoever the ministers are to be who are to come into the Government after the election, are willing to sign that declaration in a bona fide manner we will have no grounds for complaint, but if they become members of the government without signing that declaration the treaty is broken by that very fact."

REASONS FOR COMPACT GIVEN BY CHURCHILL.

"I must now in fairness," continued the Secretary, "set forth the reasons which I understand led to

U. S. DECLINES BID TO HAGUE MEETING

Hughes Told Conference Is in Line With American Desires.

WASHINGTON, May 31.—The United States has rejected another invitation from the Allies to participate in the forthcoming conference of the Allies with Russia and Germany at The Hague. It was made known at the State Department to-day.

The Allied Ambassadors here approached Secretary of State Hughes informally with the suggestion that this Government delegate representatives to sit on the two Hague commissions on the ground that they are to deal with economic subjects in line with the desires of the United States.

GIRL OF 12 SAVES BOY FROM FLAMES BY HER ALERT WIT

Tears Off Her Sweater and Smothers Flames Match Had Started.

Twelve-year-old Rose Ruzzi of No. 345 East 145th Street is a heroine among her playmates in the Bronx to-day as a result of her alert thinking and courage in saving her four-year-old cousin, Walter Di Diego, from burning to death last night.

Walter lives at No. 2433 Southern Boulevard and has been visiting his aunt for several days. He decided last night while he and Rose were playing in the street that he wanted his ball, and went upstairs to get it from under a bed.

Striking a match he crawled under the bed, and the bed and his blouse caught fire about the same instant. Rose had run up to see that he was all right, and as she entered the room Walter ran out screaming. She tore off her sweater, wrapped it around him and smothered the flames. Neighbors ran in in response to her screams and extinguished the fire in the bed. Firemen found nothing to do. Walter's burns were so slight he did not go to the hospital.

Rose had a holiday to-day because of her courage and went to school to watch the other kiddies go to their studies while she played. She was nervous, she said, because they told her that she had been near death.

She was prompted to use her sweater, she added, because she had read in the newspapers where people had saved others throwing blankets about them and keeping the flames from their faces.

SENTENCED 13 DAYS AFTER SLAYING COP

Murderer of Policeman Hay Goes to Chair Week of July 17.

Thirteen days after the crime Michael Fradiano was to-day sentenced to die in the electric chair in the week of July 17 for the murder of Patrolman Douglas W. Hay on May 18. When Justice Cohan, in the Bronx Supreme Court, pronounced sentence Fradiano was much affected.

Unusual speed characterized the disposition of the murderer's case. He shot Hay in the back after the policeman had served him with a summons for throwing refuse in the street, then ran and engaged in a pistol battle with two other policemen, wounding one in the hand. Six days later he was indicted and almost immediately placed on trial. Pradriano is forty years old and lived at No. 3592 Third Avenue.

REFUSAL TO QUASH IN MORSE CASES

WASHINGTON, May 31.—Chief Justice McCoy of the Supreme Court of the District of Columbia to-day overruled all motions to quash the indictments in the case of Charles W. Morse and others in connection with charges of graft in dealing with the United States Shipping Board. United States District Attorney Gordon announced he would bring the cases to trial as soon as possible.

100,000 STANDEES GET SEATS TO-DAY ON SUBWAY LINES

Interboro Operates 17 More Trains Than Increase Commission Ordered.

INSPECTORS ON JOB.

Schedules Work Perfectly, McAneny Says—Over 15 Per Cent. Increase.

Subway passengers of the Interboro Rapid Transit Company got better service to-day than at any other time in recent years.

The company not only obeyed the order of the Transit Commission for increased service, but actually provided seventeen more trains than the order called for. This was announced by Chairman McAneny of the commission, who added that the commission's inspectors had made preliminary reports showing the new schedules to be working perfectly.

It was estimated that more than 100,000 passengers, who otherwise would have been standees were comfortably seated to-day because of the increased service.

The inspectors reported that the company was operating six more trains than ordered on the Lexington Avenue line and eleven more than ordered on the Broadway-Seventh Avenue line. The extra trains "thrown in for good measure" were both local and express.

The schedule that went into effect this morning provides more than 15 per cent. increase in the number of trains, reducing the interval on the main lines during the non-rush hours to 3 1/2 minutes. It requires the employment of the Interborough's full force of reserve cars, numbering 300 men, and affects nearly all lines and branches of the Interborough subway division except the Queensboro subway.

Beginning at once 246 additional trains will be operated daily, the number of car trips each twenty-four hours being increased by 2,014. This means more than 1,000,000 car-seat miles will be added. The new schedule will bring into service every trained man the Interborough has available. Already training has started of 300 men who will man cars in September, when the service will be further increased.

The road will run 400 cars per hour in each direction during non-rush hours, compared with 240 per hour operated in 1916 on the one subway then in use.

Washington Heights will gain 13 per cent. non-rush hour service. Van Cortlandt Park expresses will operate on a seven instead of eight minute interval. Local service, terminating at 137th Street, will be increased 20 per cent. Lenox Avenue express trains will be placed on the same heading, and be increased from eight to ten cars. This will give 42 per cent. increase in express service and 20 per cent. increase in local.

On the West Farms branch in the Bronx will be an addition of 1,700 seats an hour to the express service—25 per cent. On the Pelham day Park branch to Hunt's Point Road the interval will be decreased to three and one-half minutes. On the Jerome Avenue branch the interval is reduced to seven minutes and trains will be increased from six to eight cars. This amounts to 51 per cent. increase.

The service past Borough Hall in Brooklyn will be at two and a quarter minute headway and a 12 per cent. increase will be made between Atlantic and Franklin Avenues. Throughout all the lines the rush hour service will be brought to the maximum possible with the present equipment.

The Interborough has advertised for bids for 100 additional cars for September.

SHERIFF HAS USELESS HUNT IN HOME OF WARD FOR CLUES TO THE SLAYING OF PETERS

\$15,000 PAYROLL NABBED BY THUGS IN AUTOMOBILE

Seven Men Leap at Three Guards as They Near Long Island City.

Seven armed thugs in a touring car held up a taxicab carrying two employees of the H. R. Mallinson Silk Company in a lonely spot on the outskirts of Long Island City at 12:30 o'clock to-day, stole \$15,000, the bi-monthly payroll of the Mallinson Silk Mills in Astoria, and escaped in the direction of Flushing. No trace of the thieves or their car had been picked up at a late hour this afternoon.

The New York office of the Mallinson concern is at No. 299 Fifth Avenue. It has been the custom of the firm for years to draw money for the Astoria Mill payroll from the Pacific Bank on the fifteenth and at the end of each month and send it to the mill in the custody of Robert Berryman, Assistant Treasurer, and Walter Garrison, a clerk.

Following his custom, Mr. Berryman wrapped the money in a newspaper at noon to-day and, with Garrison, hailed a taxicab in Fifth Avenue in front of the office and directed the driver to go to the factory at Van Alst and Woolsey Avenues, Astoria, by way of the Queensboro Bridge. The taxicab had never been used for payroll transportation before.

SHERIFF HAS USELESS HUNT IN HOME OF WARD FOR CLUES TO THE SLAYING OF PETERS

Group of Officials Make Extended Investigation to Seek Traces of Struggle Alleged to Have Taken Place in the Library.

Slayer Alleged to have Shot Victim Dead There and Wounded Another Long Before Time He Said Tragedy Took Place.

After combing the home of Walter S. Ward at New Rochelle from ridge-pole to cellar and searching the premises Sheriff Werner of Westchester County said this afternoon that neither he nor any of the seven men who went through the house with him had found anything to support the allegations made in a circumstantial narrative published in the New York American this morning to the effect that the killing of Clarence Peters took place in the library of the New Rochelle house. The story also alleged that Ward had shot another man, who was with Peters, through the shoulder and on the forehead. Bullets which missed the two were described as striking the furniture and the walls.

"We found nothing in the home of Mr. Ward to indicate that there had been a struggle in the house or that a man had been wounded or that bullets had been fired in it two weeks ago," said the Sheriff after an hour's consultation with the other searchers at police headquarters in New Rochelle.

"Are you satisfied, then," the Sheriff was asked, "that Clarence Peters was not shot in the Ward house?"

"I did not say that," said the Sheriff with impatience. "I said we found nothing to substantiate the story published in The American."

When the rest of the Sheriff's party left the house Detectives Scott and Leary remained inside.

The Sheriff declined to say why they had been stationed there. He did say to other officials who asked him about the search that it had included a scrutiny of all the woodwork in the house to see whether it had been replaced or tampered with recently. This examination was made by Hill with a magnifying glass.

POLICEMAN ON DUTY AT WARD HOUSE IS LOOKED OVER.

Meanwhile District Attorney Weeks, under whose instructions the Sheriff had gone to New Rochelle, investigated that part of the published story which described two policemen who were said to know the facts as related. A New Rochelle policeman described as the man on duty outside the Ward home the night of May 15, was called to Mr. Weeks's office. The American described him as a man apparently fifty years old with "black hair, streaked with gray." The man called by Mr. Weeks was white haired. Nothing was divulged as to the result of the policeman's investigation.

The first of the searching party to arrive at White Plains were Lieut. John McGowan of the New Rochelle detective force, Detectives Leary and Scott, and Raymond K. Hill, expert on criminal evidence and fingerprint custodian in the office of Sheriff Werner. Assistant District Attorney Walter Ferris also was present.

Allen R. Campbell of Rabenold & Scribner, attorneys for Ward, reached the house in great haste about a quarter of an hour after the arrival of the officials. Sheriff Werner, who had started with the party, but turned back to White Plains to have a further talk with the District Attorney arrived at 11 o'clock with Deputy Sheriffs Chirco and Mandlin.

Walter Ward, who had gone to the Ward bakery headquarters in the Bronx, appeared hurriedly an hour after the Sheriff.

Mr. Weeks had instructed the searching party to inspect the inside

ZICHYS WILL GET TEST FOR MOVIES

Jobs for Count and Countess if Screen Verdict Is Favorable.

Maybe Count Edward George Zichy and his bride will get a new pair of jobs in the movies. It depends upon what happens to-morrow afternoon at the Goldwyn studio at No. 469 Fifth Avenue, where Bijon Fernandez, an expert in such matters, will give them a screen test.

When the Count married Miss Charlotte Demarec on the eve of what was to have been her marriage to George Burton, they started their honeymoon in a two-room suite at the Hotel Warrington.
